

AHMEDABAD INSTITUTE OF MEDICAL SCIENCES

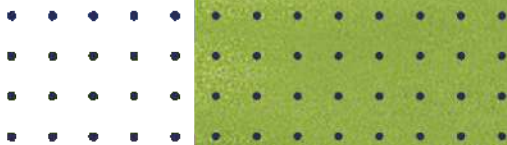

(Run by Garvi Gujarat Medical & Educational Foundation)

Since 2006

College of PHYSIOTHERAPY

Affiliated to Gujarat University Recognized by Govt. of Gujarat
Recognized by Gujarat State Allied and Healthcare Council
Recognized by Indian Association Of Physiotherapists

Charitable trust "Garvi Gujarat Medical and Education Foundation" was established in the year 2006, for providing paramedical health care services and education at Lapkaman, Ahmedabad and is playing a progressive role in service by opening & running successful AIMS College of physiotherapy. Bachelor of physiotherapy course was started in 2006 and Master of Physiotherapy course started in year 2011.

MISSION

The mission of the Institute is to prepare skilled, dedicated & outstanding physiotherapists and to advance the profession of physiotherapy, as broadly defined, through advance research and the application clinical processes and government's ethical educational policy.

VISION

"The Institute will be a world leader in the integration of (a) teaching & learning (b) advancement of the knowledge base through research and (c) leadership in health service. The Institute strives to achieve global identity through its innovation methods & dedicated efforts for the betterment of community. The Institute will be a world leader in preparing professionals who provide leadership & exemplary educational and related health services to improve health related quality of individuals in a changing & complex global society."

Dr. Alpa Purohit, MPT, PhD, Principal, AIMS

AIMS is an emotion not only institution. It has been my privilege to serve since 2007. Founded with vision to serve and transform where knowledge lived everyday. Learning extend beyond lecture halls into hospital corridors and patient care real life experience. AIMS truly special is not just its infrastructure or academic excellence but we offer clinical exposure hands on training and our own OPD ensures education remains purposeful.

AIMS also builds individuals through sports, cultural activities, conferences, and community outreach, fostering leadership, teamwork, and resilience. Our dedicated faculty who mentor with passion, and our students bring energy and determination, creating an environment where growth and excellence are constant. We prepare students not just for careers, but for the responsibility to heal, care, and make meaningful differences—AIMS stays within you as a purpose. With immense pride and blessings.

"Focus, Learn, Grow"

Dr. Neeta Vyas, PhD, Former Principal and Senior Advisor, AIMS

Welcome to Ahmedabad Institute of Medical Sciences (AIMS).

Physiotherapy profession is now a days a separate recognised profession in India as well as abroad. Prior it was a referral for the patient's treatment but now patients can go directly to physiotherapy clinics for the treatment. As per NCAHP from now onwards physiotherapist can be recognised as Dr. with suffix PT. They cannot prescribe medication but they can prescribe exercise programs and practice independently. For details you can visit NCAHP website. Post covid phase has spread maximum awareness of physiotherapy importance. Physiotherapist is a major part of a medical team.

Now a days Physiotherapists are kin of going abroad. A student can complete bachelor of Physiotherapy and directly go for masters program or DPT program to abroad like USA, UK, Canada, Australia etc. The courses of India are well recognised in abroad and students can get direct admission for Masters or DPT directly on the basis of Bachelor course of India. There are many scopes for physiotherapist in studies as well as jobs. Take an opportunity to become a part of AIMS family and grab the golden opportunity to brighten your future

Dr. T Kanna Amarnath, MPT Ph.D. Vice Principal, AIMS

Since 2006, AIMS has been the first private college in Gujarat offering UG and PG physiotherapy courses. Our strength lies in a team of senior, experienced faculty across specialties—orthopedics, cardiopulmonary, neurology, rehabilitation, sports, and women's health—who teach evidence-based practice and continuously update their skills through seminars and current literature. PG programs began in the 2011–12 academic year, with active research guiding projects in prevalence, diagnostics, ergonomics, and comprehensive treatment planning. AIMS emphasizes holistic education over mere training through clinical exposure in our OPD and MOUs with government, semi-government, and corporate hospitals and trusts. We support students' all-round development with co-curricular and extra-curricular activities. Wishing you all for the bright and successful future.

COURSES OFFERED AT AIMS

A. BACHELOR OF PHYSIOTHERAPY (BPT)

Dr. ALPA PUROHIT (Principal AIMS) Awarded with "Women In Physiotherapy Leadership Award" at JG Physiocon-2026

STANDING COMMITTEES

- **ANTI RAGGING COMMITTEE:**

The motive and purpose of this committee is not just to solve the issue related to ragging but at AIMS we have eradicated the trend of ragging by taking strict monitoring and implementing rules to prevent any such activities.

- **COLLEGIATE WOMEN'S DEVELOPMENT CELL & INTERNAL COMMITTEE:**

The Collegiate Women Development Cell (CWDC) is a mandatory university-level committee established in higher education institutions to promote gender equality, women's empowerment, and safety. It focuses on preventing sexual harassment, organizing workshops/seminars on health and legal rights, and providing counseling and support to female students and staff, often conducting self-defense training and health checkups.

- **CYBER CELL:**

The cyber cell is authorized to investigate any reported or suspected cybercrime activities within the college. The college reserves the right to monitor Internet usage and digital communications when required for security reasons. Cyber Cell raises awareness among students and staff, offering resources to protect against cyber threats and scams by arranging various activities like cyber crime awareness lectures and seminars.

INSTITUTIONAL VISIT BY STAFF AND STUDENTS

Sparsh Pediatric Rehabilitation Clinic, Ahmedabad

U N Mehta Institute Of Cardiology and Research Centre, Ahmedabad.
